As a part of this cleanliness drive, we had to clean the whole Botany department. The sweepers of the college had to be the observers. Head of the Department started the programme by cleaning the corners of the staffroom. Then other teachers and students followed the suit. Some of us picked brooms and started our job. Some of the students did the dusting of the rooms and some others went to the corridor and started picking wrappers lying scattered there. After collecting them they threw them in to the dustbins. After doing this job for two to three hours, we all assembled in the Gallery of our department. There we were given refreshment in the form of small packet of roti and sabji. There after our Head of the Department delivered the speech telling the importance of sanitation. Head of the Department also honored the sweepers of the college for their noble job. In the end we all took oath of keeping our home, locality and city clean. We were curious to be the part of this great drive that could have transformed the face of our country for ever.
