

Report on Tree Plantation Programme Organized by the Department of Botany and NSS Unit, MBB College

A tree Plantation Programme was organized by the Department of Botany in collaboration with the NSS Unit, Maharaja Bir Bikram College, Agartala on 7th August, 2026. The programme aimed to promote environmental awareness, encourage afforestation, and inspire students to contribute towards a greener and healthier environment.

The programme commenced with a brief inaugural session in which Principal, Teachers' Council Secretary, faculty members, NSS Programme Officer, and the Head of the Department of Botany addressed the students. They emphasized the importance of trees in maintaining ecological balance, reducing pollution, and combating climate change.

After the inaugural session, students, teachers, and NSS volunteers actively participated in planting various saplings such as neem, amla, Areca palm, rakta chandan etc. plants within the college campus. The Botany Department provided guidance on proper planting techniques and the care required for the saplings. Everyone enthusiastically took part in watering the plants and pledged to protect and nurture them.

The programme concluded with a vote of thanks delivered by the NSS Programme Officer. The event was a great success and created awareness among students about the importance of environmental conservation. It also encouraged everyone to take responsibility for protecting nature and making the campus greener.
